OFFICE OF THE BOARD OF SUPERVISORS, OF YUMA COUNTY, ARIZONA.

Yuma, Ariz., July 16 1900.

The board met pursuant to adjournment.

Roll called.

All members, assessor, sheriff, district attorney and clerk present.

Minutes of the previous meeting read and approved.

The following resolution was offered by Supervisor C. V. Meeden, to-wit:

Yuma, Arizona, July 16th, 1900.

Whereas, the King of Arizona Mill and Mining Company, and the King of Arizona Company, is and has been assessed by Mulford Winsor, assessor of Yuma county for the year of 1900, for the sum of \$21,500.00, and whereas ample evidence exists, that more than one hundred thousand dollars, was expended for mill, machinery, pump, tanks and other improvements. Therefore be it,

Resolved that the assessment of the King of Arizona Mining and Milling Company, and the King of Arizona Company, be and are hereby raised, from \$21,500.00 to 40,000.00 dollars. The board then invited Supervisor Meeden to submit any evidence sustaining his resolution, but he declined to do so.

The Board proceeded to investigate the subject matter of the above resolution and summoned S. W. Darling and Frank Guerra before the Board, their

testimony together with that of the assessor was heard and evidence is ample that the assessment of \$21,500.00 is sufficient, and it is ordered that the assessment stand as made by the assessor, Supervisor C. V. Meeden voting no.

It appearing to the Board that the raise on the stock of goods assessed to W.T. Heffernan is excessive, the same is stricken off.

### AKERS SUSTAINED

#### In the Halderman Case by the Department of Justice.

It will be remembered that on or about the first of August the Halderman case, in which the friends of the Haldermans made a great effort to induce Acting Governor Chas. Akers to commute the sentence of those boys from death to life imprisonment; or, failing in that, to get him to grant them a respite of thirty or sixty days. Mr. Akers gave several days to a hearing, and after considering the case in all the details, during which time alleged new evidence and every influence both inside and outside the territory was brought to bear upon him, he decided there was nothing to justify him in granting executive clemency. He therefore decided not to interfere with the decisions of the court but allowed the judgment to stand. An appeal was taken to the president. The case was urgent, for unless a reprieve or stay of sentence was granted, the Haldermans would hang on the 10th of August. The president had no time to investigate, and therefore granted a reprieve until October 5, 1900. Since then all the papers in the case that were submitted to Gov. Akers were laid before the attorney general and the president. These documents have been given a most careful examination and today Secretary Akers received from the department of justice a communication informing him that his decision had been fully approved. This is a complete vindication of the course of Secretary Akers in the matter and of course has convinced the president that Mr. Akers is a man who can be trusted to do what is right.—Gazette.

#### The Old Clock.

As an evidence of the disorganizing effects of the late democratic convention, the staid, virtuous old town clock on the dome of the court house yesterday deliberately and with malicious intent, struck thirteen at one o'clock. That old time piece has done duty up in mid air for many years. It has witnessed floods, plaza meetings, changes in Arizona's governors, and various other calamities, but always was true to the people of Maricopa county. But yesterday the devilry of the territorial democracy was more than it could stand and the old jade got dizzy and went out on a strike and hammered out thirteen o'clock.—Gazette.

#### Still More Counterfeiting.

The Secret Service has unearthed another band of counterfeiters and secured a large quantity of bogus bills, which are so cleverly executed that the average person would never suspect them of being spurious. Things of great value are always selected by counterfeiters for imitation, notably the celebrated Hostetter's Stomach Bitters, which has many imitators but no equals for indigestion, dyspepsia, constipation, nervousness and general debility. The Bitters sets things right in the stomach, and when the stomach is in good order it makes good blood and plenty of it. In this manner the Bitters get at the seat of strength and vitality, and restore vigor to the weak and debilitated. Beware of counterfeits when buying.
